Forward-Looking Statements

Please note that statements made at the conference are as of the date of the conference and PAE does not assume any obligation to update any statements made live at the conference or in the archived webcast. Matters discussed at the conference may include forward-looking statements about PAE’s possible or assumed future results of operations and cash flows, financial results, business strategies, debt levels, competitive position, industry environment, potential growth opportunities, potential impact of COVID-19, integration of Metis Solutions Corporation and CENTRA Technology, Inc., effects of regulation, backlog, estimation of resources for contracts, risks related to IDIQ contracts, strategy for and management of growth, needs for additional capital, and risks related to U.S. government contracting generally, including congressional approval of appropriations and bid protests. These forward-looking statements are based on PAE’s management’s current expectations, estimates, projections and beliefs, as well as a number of assumptions concerning future events. Actual results in future periods may differ materially from current expectations due to a number of risks and uncertainties, including those described from time to time in reports filed by PAE with the U.S. Securities and Exchange Commission, including PAE’s most recent reports on Form 10-K and 10-Q.
